Request for Information Under § 208(a) of the Clean Air Act, 42 U.S.C. § 7542(a)

The United States Environmental Protection Agency ("EPA") hereby requires Truckwurx, LLC, and any of its affiliates ("Truckwurx" or "you"),¹ to submit certain information as part of an EPA investigation to determine your compliance with Sections 203(a)(1) and 213(d) of the Clean Air Act ("CAA"), 42 U.S.C. §§ 7522(a)(1) and 7547(d), and the applicable motor vehicle regulations at 40 C.F.R. Parts 85 and 86. Examples of vehicles or engines regulated under these Parts include, but are not limited to, automobiles, recreational vehicles, and pickup trucks. Appendix A provides definitions. Appendix B provides instructions for your responses to this Request for Information. Appendix C specifies the information that you must submit.

The EPA issues this Request for Information under Section 208(a) of the CAA, 42 U.S.C. § 7542(a). Under Section 208(a), the Administrator of the EPA may require any person who is subject to the CAA, 42 U.S.C. §§ 7521-7590, to perform tests and provide information necessary to determine whether the person is acting or has acted in compliance with the CAA and the regulations promulgated thereunder. The undersigned, Phillip Brooks, Director of the Air Enforcement Division, Office of Enforcement and Compliance Assurance, has been delegated this authority to the undersigned.

You must submit this information to the EPA representative listed below within thirty (30) calendar days from the date of this Request for Information. Please carefully review the instructions, definitions,

¹ See definitions 5 and 6, in Appendix A.

and specific requests as you prepare your response. If you anticipate being unable to fully respond to this Request for Information by this date, you must contact Mr. Reza R. Bagherian by telephone at (312) 886-0674 or by email at Bagherian.Reza@epa.gov, within fifteen (15) days of the date of this Request for Information and, with an appropriate justification, request an extension of time to answer some or all of the requests below. If timely submitted, the EPA will review your request and may extend the time within which your response must be provided.

Failure to provide the requested information in its entirety, and in the format requested, may result in additional inquiries and may result in the initiation of a civil action pursuant to Section 205(b) of the CAA, 42 U.S.C. § 7524(b). It is important that your responses be clear, accurate, organized, and complete. We will regard any submitted information that is misleading, false, incomplete, or submitted without regard to its accuracy as a violation of the CAA and/or criminal statutes.

Finally, you must submit all requested information under an authorized signature with the following certification (provided in Appendix E):

I certify under penalty of law that I have examined and am familiar with the information in the enclosed documents, including all attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are, to the best of my knowledge and belief, true and complete. I am aware that there are significant penalties for knowingly submitting false statements and information, including the possibility of fines or imprisonment pursuant to Section 113(c)(2) of the Clean Air Act, 42 U.S.C. § 7413(c)(2), and 18 U.S.C. §§ 1001 and 1341.

We may use any information submitted in response to this Request for Information in an administrative, civil or criminal action.

You are entitled to assert a business confidentiality claim covering all or part of the information you submit in response to this Request for Information, in accordance with the procedures described in the Confidentiality of Business Information ("CBI") regulations, 40 C.F.R. Part 2, Subpart B. However, no CBI claim may be made with respect to emissions data as defined at 40 C.F.R. § 2.301(a)(2). You must specify the page, paragraph and sentence when identifying the information subject to your CBI claim. Appendix D of this Request for Information specifies the assertion and substantiation requirements for business confidentiality claims. The EPA may, without further notice, provide the public with any information not subject to a CBI claim.

Please submit all requested information, via courier service or overnight delivery, to:

Reza R. Bagherian (AE-17J)
Enforcement Officer
Air Enforcement and Compliance Assurance Branch
Air and Radiation Division
U.S. Environmental Protection Agency, Region 5

Appendix A

Definitions

1. All terms used in this Request for Information will have their ordinary meaning unless such terms are defined in the CAA, 42 U.S.C. §§ 7401 et seq., or the motor vehicle regulations found at 40 C.F.R. Parts 85 and 86.
2. The terms “document” and “documents” mean any object that records, stores, or presents information, and includes, without limitation, email, writings, memoranda, contracts, agreements, records, or information of any kind, formal or informal, whether wholly or partially handwritten or typed, whether in computer format, memory, or storage device, or in hardcopy, including any form or format of these. If in computer format or memory, each such document shall be provided in translation to a form useable and readable by EPA, with all necessary documentation and support. All documents in hard copy shall also include attachments to or enclosures with any document.
3. The term “entity” means any natural person, corporation, partnership, limited liability company, sole proprietorship, joint venture, or any formal or informal group, organization or association.
4. The term “person” includes an individual, corporation, partnership or association (*see* Section 302(e) of the CAA, 42 U.S.C. § 7602(e)).
5. The term “you” and “your” includes, but is not limited to, Truckwurx, LLC, and any parent organization, affiliate, predecessor, successor, and assignee organization.
6. The term “motor vehicle” means any self-propelled vehicle designed for transporting persons or property on a street or highway. (*see* Section 216 of the CAA, 42 U.S.C. § 7550(2)).
7. The term “applications” means all variations of a vehicle or engine.
8. The term “emission related parts” means those parts that affect vehicle emissions.
9. The term “element of design” means any control system (*e.g.*, computer software, electronic control system, emission control system, computer logic), and/or control system calibrations, and/or the results of systems interaction, and/or hardware items on a motor vehicle or motor vehicle engine, as defined in 40 C.F.R. § 86.094-2.
10. The term “part or component,” includes any part or component intended for use with, or as part of, any motor vehicle or motor vehicle engine (*e.g.*, electronic control module (“ECM”), element of design, tuner, tune, calibration map, or software that is installed on

or designed for use in such vehicles or engines).

11. The term “electronic control module” or “ECM” means a device that receives inputs from various sensors and outputs signals to control engine, vehicle, or equipment functions. The ECM uses software programming including calculations and tables of information to provide the appropriate outputs. ECM can be a generic term, but may refer specifically to the engine control module when discussing emission controls on vehicles and engines. Other ECMs may be incorporated separately with multiple units used to control various engine, vehicle, or equipment functions. Examples of electronic control modules include, but are not limited to, Engine Control Module, OBD Control Modules, Powertrain Control Module (PCM), Transmission Control Module (TCM), Body Control Module (BCM) and after-treatment control module. Any or all of these modules may be combined into a single unit.
12. The term “selective catalytic reduction” or “SCR” includes systems which inject a reductant, such as diesel exhaust fluid (DEF), into the exhaust stream where it reacts with a catalyst to convert NO_x (nitrogen oxides) emissions to N₂ (nitrogen gas) and H₂O (water).
13. The term “onboard diagnostics” or “OBD” includes systems that monitor emission related parts and elements of design, and provides repair technicians with information about those emissions related parts and elements of design. If a problem is detected, the OBD system may illuminate a warning lamp on the vehicle instrument panel to alert the driver.
14. The term “exhaust gas recirculation” or “EGR” includes systems which direct, usually by use of a valve, a portion of engine exhaust back into the engine’s combustion chamber in order to control combustion temperatures and pressures, thereby reducing the production of NO_x. The EGR system may include a cooler which cools the recirculated exhaust.
15. The term “catalysts” includes systems that contain parts or chemical elements which increase the rate of a chemical reaction but are not one of the original reactants or final products, *i.e.*, are not consumed or altered in the reaction. Catalysts consist of a flow-through structure that is coated with an active metal catalyst and surrounded by a stainless steel housing.

Appendix B

Instructions for Responses

1. Provide a complete, detailed response to each of the requests in Appendix C, below. Provide any narrative responses or lists in English, in both written document form and in electronic form (*e.g.*, Word, Excel), provided you have access to spreadsheet software. Please contact Mr. Bagherian if providing the responses in Excel format will be an issue.
2. This Request for Information is a continuing request. You must promptly supplement your response to any request in Appendix C in the event you learn that you possess responsive information not yet produced or if you gain possession, custody, or control of responsive information after initially responding to this Request for Information.
3. For each answer, please provide the number of the request to which it responds and identify each person who provided information that was used to prepare that answer. For each document produced, please provide the number of the request to which it responds. Where information is responsive to more than one numbered request, provide that information only once, but indicate on the responsive material the numbers of all requests to which the information is responsive.
4. When a response includes a quantity with units of measure, specify the units of measure.
5. Where documents or information necessary for a response is not in your possession, custody or control, indicate in your response why such documents or information is not available or in your possession, custody or control, and identify any source that either possesses or is likely to possess such information.
6. All submitted documents should be copies and not original documents.
7. Where you have previously submitted information to the EPA that is also the subject of these requests, re-submit that information in accordance with these instructions (Appendix B). Identify the material that was previously provided, the date on which it was provided, how the information was provided (*e.g.*, electronically, fax, mail), and the individual at EPA to whom it was provided.
8. Please provide two copies of your response to this Request for Information in electronic form. Please provide the Statement(s) of Certification (Appendix E) in hard copy form with two electronic copies of your response. All responsive documents and materials (*e.g.*, copies of print media, audio and visual material) must be provided as an accurate and legible copy in searchable format, submitted on a disk (CD or DVD media), and number stamped in sequential order (*e.g.*, BATES stamped) to permit identification using unique

references. Where spreadsheets are responsive to a request, produce them in unlocked electronic spreadsheet format, such as .xls or .csv (locked spreadsheets, .pdf files and images are unacceptable). Please contact Mr. Bagherian if providing the information electronically will be an issue.

9. Where a person at an entity other than Truckwurx is responsible for a response to a request in Appendix C, clearly indicate in your response which entity is providing the response, as well as the person.
10. If corporate changes relevant to any of the requests in Appendix C occurred between January 1, 2014 and the present, including but not limited to changes related to the acquisition, reorganization, or merger of Truckwurx, describe in narrative form, all of the changes and provide responses to the request for each identified entity and person so that responses for the entire period from January 1, 2014 to the present are submitted.

Appendix C
Request for Information

Truckwurx, LLC (“Truckwurx” or “you”) shall submit the following information to the EPA, pursuant to Section 208 of the CAA, 42 U.S.C. § 7542, regarding certain parts or components that you either manufactured (*i.e.*, created, wrote, programmed, fabricated, produced, or modified), sold, or installed since January 1, 2014.

1. Identify each part or component including, but not limited to, engine parts, power packages, superchargers, computer tuning, calibration, element of design, tuner, tunes, software coding, or device, which:
 - a. Changes, affects, modifies, or bypasses a vehicle’s emission related parts including, but not limited to, the following systems:
 - i. diesel particulate filter (“DPF”) system;
 - ii. exhaust gas recirculation (“EGR”) system;
 - iii. catalytic converter system (“catalyst”);
 - iv. on-board diagnostic system (“OBD”);
 - v. selective catalytic reduction system (“SCR”); or
 - vi. sensors, signals, or records related to such systems;
 - b. Simulates the operation of any emission related parts including, but not limited to, the DPF system, EGR system, catalyst, OBD, SCR, or sensors, signals, or records related to these systems;
 - c. Can be programed to modify engine operating or emission control parameters or OBD functions including, but not limited to, those parameters sensed or controlled by the electronic control module (“ECM”);
 - d. Has the effect of permanently or temporarily changing, affecting, bypassing, defeating, or rendering inoperative any emission control device, element of design, or emission related part; and
 - e. If you did not manufacture an identified part or component, provide the name and address of the manufacturer.

Examples of such parts or components related to Request 1 include, but are not limited to, the Truckwurx’s performance tunes, power packages, engine upgrades, exhaust and fuel system upgrades that are advertised on your website at: <http://truckwurx.com/> for diesel vehicles that contain engines such as Powerstroke, Duramax, and Cummins, etc.

2. For each part or component that is identified in response to Request 1:
 - a. Identify functions in each emission related part including, but not limited to, engine or OBD parameters that can be modified, simulated, changed, affected, or bypassed.
 - b. Indicate whether, and describe how, compared to the stock tune or software installed by the original vehicle manufacturer, the tune or software: alters the function of the OBD system; facilitates the removal of (or alters the operation of) the EGR, Catalyst, DPF, or SCR systems; alters injection timing, duration or mass; horsepower; or fuel economy; or alters any logs, records, alerts, or responses related to sensors, signals, or diagnostic trouble codes related to these systems.
3. Identify all parts or components that, since January 1, 2014, you have designated in any media or form, to be limited to: "Off-Road Use," "Racing Use," "Competition Use Only," "Not legal for sale or use on pollution controlled vehicles based and registered in California," "49 state legal," "Not for Sale or Use on Any Pollution-controlled Vehicle in the United States," or similar designations. Provide a copy of each waiver, or disclaimer that was signed and returned to Truckwurx with such as designation, and provide copies of all other such designations, such as advertisements.
4. For each part or component identified in Requests 1 through 3 above, provide the following information in electronic spreadsheet format for each person or persons who manufactured, installed, sold, or offered for sale the part or component:
 - a. The part number or component part number and the identifying name, and the manufacturer's or supplier's part number or component part number and identifying name;
 - b. The vehicle applications by make, model, engine type, and year;
 - c. A description of what the part or component does and how it operates;
 - d. The quantity that was manufactured, purchased, or imported by you by date;
 - e. The quantity that was sold or offered for sale by you, by date;
 - f. The records of any emissions testing or reports regarding any effect on vehicle emissions; and
 - g. The marketing waiver or disclaimer used, if any, as identified in Request 3.

5. For any tests identified in response to Request 4.f. above, provide the following information:
 - a. A description of the test, including identification of the component and vehicle, the EPA engine family, name of the vehicle, test equipment, test protocols, and calibration procedures;
 - b. A sample test report and any training or instructional materials used for educating employees and affiliated persons about how to perform the test; and
 - c. The date and location of the test, the name and position of the person that conducted the test, and the test results.
6. For each part or component identified in Requests 1 through 4 above, provide the following for each person who manufactured, installed, sold, or offered for sale this component:
 - a. Copies of your advertisements to sell, distribute, or install each part or component, including advertisements on websites and in other media;
 - b. Copies of any installation or operation instructions, guides, or manuals;
 - c. Copies of receipts for the total quantity of the part or component purchased by you; and
 - d. Copies of receipts for the total quantity of the parts or component sold by you.
7. For parts or components that are identified in response to Requests 1 through 4 above, state whether you submitted an application for an Executive Order to the California Air Resources Board and provide a copy of the application for each part or component. State whether each component received an Executive Order exempting the component from California's emission control system anti-tampering law, California Vehicle Code § 27156. If the component received an Executive Order, provide the Executive Order number and state whether the California Air Resources Board required you to change the component or application in order to receive approval.
8. For parts or components that are identified in response to Requests 1 through 4 above, state whether you submitted an application for aftermarket certification under EPA's Motor Vehicle Aftermarket Retrofit Device Evaluation Program (described at 40 C.F.R., Part 610, and also found at <https://www3.epa.gov/otaq/consumer/b00003.pdf>), and provide a copy of the application for each component. State whether each component received an aftermarket certification and state whether EPA required you to change the

component or application to receive approval.

9. Provide the name and address of each location where you have stored and are currently storing any of the parts or components identified in response to Requests 1 through 4.
10. Identify any entity that you have licensed to manufacture parts or components identified in response to Requests 1 through 4 above.
11. Identify any person that has licensed you to manufacture parts or components identified in response to Requests 1 and 4 above.
12. Identify any entity that you have licensed to sell or offer to sell parts or components identified in response to Requests 1 through 4 above.
13. Identify any person that has licensed you to sell or offer to sell parts or components identified in response to Requests 1 and 4 above.
14. Identify any entity that you have licensed to install parts or components identified in response to Requests 1 through 4 above.
15. Identify any entity that has licensed you to install parts or components identified in response to Requests 1 through 4 above.
16. Describe your business relationship with each person identified in Requests 11 through 15 above and provide a copy of each license agreement.
17. Identify each individual responsible for responding to this Request for Information, including his/her title(s), the request(s) to which each individual responded, and the period of time for which each individual is providing a response.

Appendix D

Confidential Business Information

You may assert a business confidentiality claim covering all or part of the information you provide in response to this Request for Information for any business information entitled to confidential treatment under Section 208(c) of the CAA, 42 U.S.C. § 7542, and 40 C.F.R. Part 2, subpart B. Under Section 208(c) of the CAA, you are entitled to confidential treatment of information that would divulge methods or processes entitled to protection as trade secrets. Under 40 C.F.R. Part 2, subpart B, business confidentiality means “the concept of trade secrecy and other related legal concepts which give (or may give) a business the right to preserve the confidentiality of business information and to limit its use or disclosure by others in order that the business may obtain or retain business advantages it derives from its rights in the information.” See 40 C.F.R. § 2.201(e).

Information covered by a claim of business confidentiality will be disclosed by the EPA only to the extent, and by means of the procedures, set forth in Section 208(c) of the CAA and 40 C.F.R. Part 2, subpart B. EPA will construe your failure to furnish a business confidentiality claim with your response to this Request for Information as a waiver of that claim, and the information may be made available to the public without further notice to you.

To assert a business confidentiality claim, you must place on (or attach to) all information you desire to assert as business confidential either a cover sheet, stamped or typed legend, or other suitable form of notice employing language such as “trade secret,” “proprietary,” or “company confidential” at the time you submit your response to this Request for Information. Allegedly confidential portions of otherwise non-confidential documents should be clearly identified, and may be submitted separately to facilitate identification and handling by the EPA. You should indicate if you desire confidential treatment only until a certain date or until the occurrence of a certain event.

The criteria the EPA will use in determining whether material you claim as business confidential is entitled to confidential treatment are set forth at 40 C.F.R. §§ 2.208 and 2.301. These regulations provide, among other things, that you must satisfactorily show that: (1) the information is within the scope of business confidentiality as defined at 40 C.F.R. § 2.201(e), (2) that you have taken reasonable measures to protect the confidentiality of the information and that you intend to continue to do so, (3) the information is not and has not been reasonably obtainable by legitimate means without your consent, and (4) the disclosure of the information is likely to cause substantial harm to your business competitive edge. See 40 C.F.R. §§ 2.208 (a)-(d). Emission data, as defined at 40 C.F.R. § 2.301(a)(2), is expressly not entitled to confidential treatment under 40 C.F.R. Part 2, subpart B. See 42 U.S.C. § 7542(c); 40 C.F.R. § 2.301(e).

If you assert a claim of business confidentiality in connection with information and documents forwarded in response to this Request for Information, in accordance with 40 C.F.R.

§ 2.204(e)(4), the EPA is requesting that you answer the following requests with respect to any information or document for which you assert a claim of business confidentiality:

1. What specific portions of the information are alleged to be entitled to confidential treatment? Specify by page, paragraph, and sentence when identifying the information subject to your claim.
2. For what period of time do you request that the information be maintained as confidential (*e.g.*, until a certain date, until the occurrence of a specified event or permanently)? If the occurrence of a specific event will eliminate the need for confidentiality, specify that event. Additionally, explain why the information should be protected for the time period you have specified.
3. What measures have you taken to protect the information claimed as confidential from undesired disclosure? Have you disclosed the information to anyone other than a governmental body or someone who is bound by an agreement not to disclose the information further? If so, why should the information still be considered confidential?
4. Is the information contained in any publicly available material such as, the Internet, publicly available databases, promotional publications, annual reports or articles? Is there any means by which a member of the public could obtain access to the information? Is the information of a kind that you would customarily not release to the public?
5. Has any governmental body made a determination as to the confidentiality of the information? If so, please attach a copy of the determination.
6. For each category of information claimed as confidential, explain with specificity whether disclosure of the information is likely to result in substantial harm to your competitive position. Explain the specific nature of those harmful effects, why they should be viewed as substantial, and the causal relationship between disclosure and such harmful effect. How could your competitors make use of this information to your detriment?
7. Is there any other explanation you deem relevant to the EPA's determination of your business confidentiality claim that is not covered in the preceding requests? If so, you may provide such additional explanation.

You must furnish comments to the above requests concurrent with your response to this Request for Information if you have claimed any information as business confidential. See 40 C.F.R. § 2.204(e)(2). Pursuant to 40 C.F.R. § 2.205(b)(2), you may request an extension of this deadline. The EPA will construe your failure to furnish timely comments as a waiver of your confidentiality

claim, consistent with 40 C.F.R. § 2.204(e)(1). Please submit your comments to:

Reza R. Bagherian (AE-17J)
Enforcement Officer
Air Enforcement and Compliance Assurance Branch
Air and Radiation Division
U.S. Environmental Protection Agency, Region 5
77 W. Jackson Boulevard
Chicago, Illinois 60604

Pursuant to 40 C.F.R. § 2.205(c), you are hereby advised that information you submit as part of your comments may be entitled to confidential treatment if, when it is received by the EPA, it is marked in accordance with 40 C.F.R. § 2.203(b). As required by 40 C.F.R. § 2.204(e)(6), you may assert a business confidentiality claim covering all or part of your response to these requests, as provided in 40 C.F.R. § 2.203(b). Information covered by such a business confidentiality claim will be disclosed by the EPA only to the extent, and by means of the procedures, set forth in Section 208(c) of the CAA and 40 C.F.R. Part 2. The EPA will construe the failure to furnish a confidentiality claim with your comments as a waiver of that claim, and the information may be made available to the public without further notice to you.
